## Documentation of the 1st meeting with the principal and the educational staff of the Primary School in Dąbie, Psary, Będzin

### Recognition visit to the field

*"The program is implemented within the framework of Activity 3:  
School Workshops of the European Erasmus+ program entitled  
**Schoolture for Climate Change** and ID 2022-2-EL01-KA210-SCH-  
000100859"*

On Tuesday, March 12, 2024, the 1st visit of SPATIA (partner of the project) took place with the **principal** of the Primary School named after T. Kościuszko in Dąbie, Psary, Będzin Municipality, **Mrs. Joanna Marcinkowska** and the teachers of the **4b** and **5a grade of the school**.

During the 1st visit, there was an introduction of SPATIA's project team, the project and the school's curriculum.

The classes that will implement the program, proposed dates and central theme were further discussed.

The results of the meeting are summarized below.

1. The program will be implemented in *the two classes of the 4th and 5th grade*.
2. The program will be activated around the participatory design of an underutilized space in the school yard that could be used for a rain garden, in order to raise the environmental awareness of the school community and the neighborhood.
3. The exact program will be delivered in the school's participation plan and will be open to additions according to the progress of the workshops.
4. The necessary workshops are at least 4 per the group of students from the two grades and may increase in number.
5. An introductory workshop will be held with teachers, representatives of the Association of parents and guardians as well as various involved bodies of the municipality and the neighborhood.
6. A final celebration will be held to present the process and results of the project in the neighborhood. In addition to the local community and representatives of the Municipality, the final workshop and closing ceremony will be attended by project representatives from Athens, including Project Leader: **commonsspace** and the **3d Elementary School of Municipality of Zografou**.

7. All material will be posted on a special website / padlet repository, eTwinning project, and participatory LAB.

8. Proposed dates:

- Introductory workshop: Friday , 22/3/2024 at 1 p.m. with the principal, the representatives of the teaching staff and the parents, an eco-advisor from the municipality, the president of the municipal utility department, the mayor, and the representatives of the Town hall promotion department.
- 1st Workshop with the students: Friday, 5/4/2024 (9:00-10:30)
- 2nd Workshop with the students: Wednesday, 10/4/2024 (9:00-10:30)
- 3rd Workshop with the students: Wednesday, 17/4/2024 (9:00-10:30)
- 4th Workshop with the students: Wednesday, 24/04/ 2024: Completion of designs. (9:00-10:30)
- Final workshop (co-creating the rain garden) and multiplier event with the students, school and local community, and the guests: 10th May 2024 (Friday), 2 p.m.
